

**The acts in my Will are the simplest acts. The soul in my Will becomes simple.
And together with Me she multiplies in all, and does good to all.**

(...) **"The acts in my Will are the simplest acts.**

But, because they are simple, they communicate themselves to all.

The light of the sun, because it is simple, is light of every eye – yet the sun is one.

One act alone in my Will, like most simple light, diffuses itself in every heart, in every work, in everyone.

Yet the act is one.

My very Being, because It is most simple, is one single Act,

- but an Act which contains everything.

It has

- no feet but is the step of all,

- no eyes, but is the eye and the light of all.

It gives life to everything, but

- with no effort,

- with no toil.

Yet it gives the act of operating to all.

So, the soul in my Will becomes simple.

And together with Me she multiplies in all, and does good to all.

Oh! if all comprehended the *immense value of the acts, even the littlest, done in my Will*

– they would let not one act escape them."
