

The Queen Mother: Star of the Sea on earth, Star of Light in Heaven.

While I was in my usual state

the Queen Mother came and said to me:

"My daughter,
as the prophets said, ***my sufferings have been a sea of sufferings.***

But, in Heaven,
my sufferings have been ***transformed into a Sea of Glory.***
And each of my sorrows has borne the fruit of as many treasures of grace.

And just as on earth they call Me 'Star of the Sea',
because I guide them to the harbor with certainty,
in Heaven they call Me 'Star of Light' for all the Blessed,
because they are delighted by this light that my sorrows produced."

"My Sufferings are transformed into a Sea of Glory. "
