

**Jesus communicates himself to the three Magi
with Love, Beauty and Power.**

Being out of my body, it seemed to me

- that I saw the moment when the Magi arrived in the cave of Bethlehem.

As soon as they were in the presence of the Child,

The little child

- took pleasure in making the rays of his Divinity shine outwardly, and

- communicated Himself to them in three ways:

with Love, with Beauty and with Power.

Thus, they remained delighted and absorbed in the presence of the little Child Jesus, so much so that

- if the Lord had not hidden the rays of his Divinity behind his Humanity the Magi would have remained there, unable to move.

As soon as the Child withdrew his Divinity

- the holy Magi returned to themselves,

- amazed to see such a great excess of Love.

Because, in this Light,

the Lord had made them understand the Mystery of the Incarnation.

Then they rose and offered their gifts to the Queen Mother.

She spoke with them for a long time.

But I can't remember everything she said.

I only remember that she strongly asked them to work

- for their own salvation and

- and for the salvation of their people.

They should have no fear of exposing their lives to achieve this goal.

After that, I withdrew into myself and found myself in the company of Jesus.

He wanted me to say something to him, but I saw myself so bad and so confused by his invitation that I dared not say anything.

Seeing that I did not say anything, Jesus continued to speak to me about the Magi. (...)
