

**An Act carried out in my Will achieves much more than the sun.
It multiplies infinitely the divine Seeds.**

Finding myself in my usual state, my always lovable Jesus came and **He said to me:**

"My daughter,
how great are the Acts accomplished in my Will!

If you asked the sun:

"How many seeds did you make productive today?
How many of them did you multiply?"

Obviously, neither the sun nor any creature, no matter how much they know, could answer this question.

Nevertheless, an Act done in my Will achieves much more than the sun by multiplying infinitely the divine Seeds.

A new thing happens in the spiritual world,
a new music delights everyone.

On hearing this music,
- the best disposed souls become ardent and
- innumerable apostates arise like so many seeds.

An Act done in my Will carries with it a great creative Power.
It makes the seeds incredibly productive.

- It creates seeds and multiplies them infinitely.
- It gives Me the opportunity for new creations, putting my Power into action.
- It is the bearer of divine Life."
