

To requite God in love for all created things is the first duty of the creature.

My daughter, you must know ***that to requite God in love for all the things created by Him is a divine right***, and it enters the first duty of the creature.

The Creation was made for Love of man.

Even more, Our love was so great that, had it been necessary, We would have created as many heavens, as many suns, stars, seas, earths, plants and all the rest,

- for as many creatures as were to come to the light of this world,
so that each one of them might have a Creation for herself, a universe of her own.

In all created things God bound His love toward each creature

Hers was the duty to requite God with her little love, with her gratitude, with her 'thank You' to the One who had done so much for her.

Not requiting God in Love for everything He has done for man in Creation,
is the first fraud that the creature makes against God.

It is to usurp His gifts without even recognizing where they come from,
and the One who has loved her so much.

Therefore, this is the first duty of the creature.

And this duty is so indispensable and important,

- that She who took to heart all Our glory, Our defense, Our interest,
did nothing but go around through all the spheres,
- from the smallest to the greatest thing created by God,
in ***order to impress Her requital of love, of glory, of thanksgiving,***
for all and in the name of all human generations.

Ah! yes, ***it was precisely my Celestial Mama***
who filled Heaven and earth with the requital for everything
that God had done in Creation.

After Her came ***my Humanity***, which fulfilled this duty so sacrosanct,
- in which the creature had so very much failed,
and rendered my Celestial Father benevolent toward guilty man.

So, ***these were my prayers, and those of my inseparable Mama.***

Don't you want, then, to repeat my very prayers?

Even more, this is why I have called you into my Will

– that you may associate yourself with Us, and follow and repeat Our acts." (...)
