

“To impetrate the coming of the Kingdom of my Will, another creature is needed, who let The Fiat dwell within herself, and let It form Its Life.”
“So My will can come to reign on earth as it is in Heaven.”

Jesus says to Luisa :

“All the Power of the Fiat dwelling in the creature was needed
 - in order to impetrate Redemption.
And my Humanity, which possessed that Power, was needed
 - in order to form It.

In the same way,
 - in order to impetrate **the coming of the Kingdom of my Fiat Itself,**
another creature is needed,
 - *who would let It dwell within herself, and let It form Its life,*

So my Will Itself, through her, may accomplish the one and most important Prodigy
 – **Its coming to Reign on earth as It is in Heaven.**

And because this is the greatest thing,
 - which will place Divine Balance in the human family, I do great things in you.

I centralize in you everything which it is necessary and decorous to know about this Kingdom of Mine:

- the great Good It wants to give,
- the happiness of those who will live in It,
- Its long story,
- Its long sorrow - and of many centuries.

Because while It wants to come to reign in the midst of creatures to make them happy,
 - they do not open the doors to It,
 - they do not long for It
 - they do not invite It.

And while It is present in their midst, they do not know It.

Only a Divine Will could bear with such invincible Patience
 - being in their midst,
 - giving them life, and
 - being not even known.

My Will is great, endless and infinite

And wherever It reigns, It wants to do things worthy
 - of Its greatness,
 - of Its Sanctity and
 - of the Power It contains.

Therefore, be attentive, my daughter.
 This is not about just any thing, or about forming a sanctity.

But **it is about forming a Kingdom for my adorable and Divine Will.”**
