

**Living in the Divine Will: the Sun of the Divine Will, transforms the human will into Sun, acts within it as in Its own center. Jesus blesses these writings.**

I was thinking about the Holy Divine Will, and I was doing as much as I could in order to fuse myself in It, to be able to embrace all and bring to my God, as one single act, the acts of all, which are all due to our Creator.

Now, while I was doing this, I saw Heaven open, and a Sun come out of It  
It wounded me with its rays and penetrated deep into the depth of my soul.  
Wounded by those rays, my soul converted into a sun which spread its rays  
These wounded that Sun that had wounded her.

I continued doing my acts for all in the Divine Will. These acts were overwhelmed by these rays and converted into divine acts. They diffused within all and over all and they formed a net of light, so as to put order between the Creator and the creature.

I remained enchanted in seeing this.

My lovable **Jesus**, coming out from within my interior, in the middle of this Sun, **told me**:

“My daughter, ***see how beautiful is the Sun of my Will!***

***What power, what marvel!***

As soon as the soul wants to fuse herself in it in order to embrace all,  
my Will, turning into Sun,

- wounds the soul and forms another Sun in her.

And as she forms her acts in it,

- it forms its rays to wound the Sun of the Supreme Will.

And overwhelming all into this light, she loves, glorifies, satisfies her Creator for all

And what is more, not with human love, glory and satisfaction, but with Love and Glory of Divine Will. Because the Sun of my Will has operated in her.

Do you see what it means to do acts in my Will? This is the living in my Will: ***The Sun of my Will, transforms the human will into Sun, and acts in it, as in its own Center***

Then, afterwards, my sweet Jesus went on taking all the Books written on His Divine Will  
He united them together. Then He pressed them to His Heart.

And with unspeakable tenderness, **He added**: ***“I bless these Writings from the Heart.***

***I bless each word. I bless the effects and the value they contain.***

***These writings are part of Myself.”***

Then He called ***the Angels, who prostrated themselves, their faces to the ground***, to pray. Two fathers were there present, who were supposed to see the writings.

Jesus told the Angels to touch their foreheads in order to impress in them the Holy Spirit,

- so as to infuse in them the light

in order *to make them comprehend the Truths and the Good which are in these Writings.*

The Angels executed that, and Jesus, blessing us all, disappeared.

***“These writings are part of Myself.”***
