

## Feast of Saint Joseph

**“I have chosen Joseph as tutor, cooperater and guardian  
of the Sovereign Queen and Myself”**

*The Book of Heaven volume - 19 - 15 June 1926*

### First hour of suffering.

**The Child Jesus is subjected to the cruel incision of the circumcision.**

*The Virgin Mary in the Kingdom of the Divine Will - App. 1*

(...)Barely eight days had passed since the birth of the Divine Child.  
All was joy and happiness for us.  
The creation had kept its festive air since the birth of the Baby Creator.  
However, the fulfillment of our duty interrupted our joy.

At that time, there was a law that all first-born boys had to be circumcised.  
My Mother's Heart bled because of the sorrow of having to submit my dear Son,  
my Life, my Creator, to this cruel suffering.

Oh! how I would have preferred to suffer in his place!  
But the Supreme Will did not intend it that way.

*In agreement with Saint Joseph*, I had to pass to the heroic act  
to make the Baby God circumcised.

My daughter, you cannot know how much it cost me.  
At the painful incision, I felt my Heart being torn.  
***And I cried. Saint Joseph also cried.***

As for my dear Baby, He was sobbing.  
Trembling with pain and looking at me, He sought help.  
What a painful hour for the three of us!
