

**When Jesus descends in hearts in the Sacramental Host,  
the Celestial Queen descends together with Him to defend Him.**

*The Celestial Queens says :*

*"I must put his Life in security, the great Gift that God entrusted me.*

*"Behold therefore if He descends in hearts Sacramentally,  
I descend together with Him to defend Him..*

I cannot leave Him alone, my poor Son.

If he might not have his Mama that descended together with Him !

How badly they deal with Him.

Some don't tell Him an 'I love You' from their heart, and then I love Him,  
Some receive Him distracted, without thinking of the great Gift that they receive  
And I pour myself over Him in order not to let Him feel their distractions and coldness,  
Some arrive to make Him cry.

And I must quiet his Weeping, and make sweet reproaches to the creature so that,  
- they might not make Him cry again.

How many moving scenes happen in the hearts that receive Him Sacramentally.  
Some souls that are never satisfied with the love they give Him.  
And I give them my Love, and also His Love, in order to make One Love.

These are scenes of Heaven, and the Angels themselves remain enraptured by it  
And We encourage ourselves for the sufferings that so many creatures give Us.

"But who can tell you everything?"

I am the Bearer of Jesus.

***He doesn't want to be without me.***

So much so that when the Priest  
- is about to pronounce the Words of the Consecration over the Holy Host,  
I make wings with my maternal hands

So He descends by means of my hands in order to consecrate Him.

So that if unworthy hands touch Him, I make Him feel mine

- that defend Him and cover Him with my Love.
