

**The celestial Queen is spectator, listener of what Jesus He does and says to souls.  
She was present to listen to all the lessons of Jesus on his Divine Will.**

“But this is not enough, I always keep watching in order to see if they want my Son,  
So much so that  
- if some sinner repents of his grave sins and the Light of Grace dawns in his heart,  
I immediately bring Jesus to them, as He confirms with pardon.  
And I think to everything of what is needed to make Him remain in that converted heart.

***I am the Bearer of Jesus***

***I am, because I possess in myself the kingdom of his Divine Will.***

He reveals to me who wants Him, and I race, I fly in order to bring Him,  
- however without ever leaving Him,

***I am not only the Bearer of Jesus.***

***I am also spectator, listener of that which He does and says to souls.***

***“Do you believe, that I was not present to listen  
to the so many lessons that my Dear Son made you on his Divine Will?”***

I was present, I listened Word by Word that which He said to you.  
And in every Word I thanked my Son .  
And I felt myself doubly glorified, that he spoke of the Reign  
- that I already possessed,  
- that has been all my fortune and the cause of the great Gift of my Son.

And in seeing Him speaking I saw grafted the fortune of my children with mine.

Oh! how I rejoiced, all the Lessons that He has given you and also more,  
They are already written in my Heart.  
And in seeing them repeated to you, I enjoyed in every Lesson one more Paradise.

And how many times you were not attentive and you forgot,  
Every time I asked pardon for you, and prayed that He might repeat his lessons.

And He in order to content me because He doesn't know how to deny anything to his Mama,  
repeated his beautiful Lessons to you.
