

**Difference between Jesus and the Virgin Mary on earth.**

I was thinking what difference passed between the Holy Virgin and my amiable Jesus, being that the Divine Volition held his life, his full dominion, his kingdom in both.

And **my sweet Jesus** moving in my interior **said to me**:

“My daughter, between Me and the Celestial Queen,  
- one was the Will that animated us,  
- one the Life.

However between my Mama and Myself, there was this difference: like

- in one residence, the light of the sun enters from everywhere  
in a way that the light invests it, dominates it.

There is no part of this residence that the light doesn't enter as queen.

Hence she is prey of the light, always receives light, and grows under the influence of the light.

- Instead another residence possesses inside of itself the sphere of the Sun.

Hence the source of the light.

It doesn't receive it from outside but possesses it within.

Is there not a difference between the one and the other?

***This is difference between Me and my Mama,***

***She is the residence invested by the Light.*** It made her prey of it.

And the Sun of my Will gave her always Light. He nourished her with Light and raised her in the interminable Rays of the eternal Sun of my Fiat.

Instead ***my Humanity possessed in itself the sphere of the Divine Sun,***

- its source that always rises without ever diminishing.

And the Sovereign Queen drew from Me the Light

- that gave ***the Life and the Glory of “Queen of Light”***.

Because the one who possesses a Good can be called “Queen of that Good.”
