

Jesus was nailed to the Cross in the Will of the Father.

This morning I was thinking of Our Lord in the act in which they were nailing Him to the cross.

I was compassionating all of Him, and blessed Jesus told me:

“My daughter, not only my hands and feet were nailed to the cross, but *all the particles of my Humanity, soul and Divinity were all nailed in the Will of the Father.*

In fact, the crucifixion was the Will of the Father.

Therefore I was nailed and transmuted completely in His Will.

This was necessary.

Because, ***what is sin but***
withdrawing

-from the Will of God,

-from everything that is good and holy which God has given us,

believing to be something of one's own, and

offending the Creator?

And, in order to repair

- for this audacity and

- for this self idol which the creature makes of herself,

I wanted to dissolve my will completely and live from the Will of the Father at the cost of great sacrifice.”
